New website: www.rm121.com

NEW!!! Debit and Credit Card Payments

Debit and Credit Cards are now accepted at the RM office. Other forms of payment such as cash, cheque and online payments are still accepted.

NEW!!! Water Well Key Systems

The Moosomin/Manson well and the Spring well have had a new key system installed on them.

A key is required to operate the pump to get/receive water at these facilities. The key fob has an annual fee of \$100.00. The fob is registered to you and keeps track of the amount of gallons consumed. Keys are available only at the RM office.

Ratepayers of this municipality will NOT be charged for the water

NEW!!! 2017 MAPS

New maps will be available for purchase when you come to pay your property taxes.

Water, Wells and Drainage Issues. Oh My!

Water Quality Testing- The RM has water quality testing bottles available at the RM office. You can take a sample of your water and send it to the Provincial Lab for water quality testing

Wells- Reminder of Yearly Notification for Users of Non-Potable Wells

Please be advised that the health region no longer monitors the bacteriologic water quality of Non-potable wells. Therefore water from municipal wells in the R.M., available to the public, are not treated or tested and is considered unsafe for human consumption. DO NOT USE this water for drinking, cooking, food preparation and oral hygiene purposes.

Drainage Issues

Water continues to be an issue for many and the continued drainage has caused many issues both for fellow ratepayers as well as the municipality. Please remember it is illegal to ditch/drain water off your land to someone else's land. Also, it is illegal to dig ditches in the RM road right-of-way. Drainage projects that remove or lessen water flow on your land require the approval of the Water Security Agency so the impact on neighbouring landowners can be minimized.

Growth means Development. Got your permits??

Development Permits

Every person shall apply for a development permit before commencing any development within the municipality, so that site and building setbacks requirements in the Zoning Bylaw are being met. (i.e. all farm buildings, grain storage, machine sheds, residences or additions to, linear public utilities, and oil wells to name a few).

*“Development of any kind requires permits
Contact the office to ensure you have the proper permits in place before you start.*

Building Permits

The municipality has contracted the services of Meridian Inspections Ltd as its building official. Building permits must be applied for and approval granted for: Country residential homes and Light/Heavy commercial/industrial

Plans of the development must accompany the application and inspections will be completed by the building official periodically during the construction process

Rural Plumbing & Onsite Sewage Permits

These permits are a requirement of Regina Qu'Appelle Health Region. To find out more information check out their website at www.rqhealth.ca (Search onsite sewage)

There is a guide and applications forms found there. Permit applications are also available at the RM office as well.

Quick Reminders

To report a CONTROLLED BURN CALL 1-866-404-4911 (The number is answered 24/7-365 days)

You will be asked the following: (Have your info ready)

- What is your land location? * How long will your burn last?
- What is your RM number? * Your name and phone number.
- What are the location details?
- What are you burning?

You will be asked to call back, once the burn has been completed.
